

ODELL STUDNER BENEFITS GROUP

Employee Benefits Solutions For Internal and Temporary Employees

Keep benefits costs down while providing a program that attracts top talent.

Your Complete Employee Benefits Solution Provider

Odell Studner Benefits Group offers benefit solutions for temporary and internal core employees. We are a self-funding expert with 90% of existing clients using some form of self-funded program for internal employees.

CHANGING THE SELF-FUNDED GAME

Captives and consortiums give large middle-market employers the same control, cost stabilization, and increased profitability large employers enjoy – starting with as few as eight participants.

- Reduce administrative costs, taxes, and excess carrier profitability.
- Focus on healthcare costs instead of insurance costs.
- Improve employee health while minimizing expenses.
- Leverage cutting-edge technology with benefit administrative systems that simplify managing enrollment and compliance, tech-enabled concierge-level services, and more.

The goal for any large employer should be to leave the fully funded marketplace to decrease insurance costs while increasing control over your benefits program.

TEMPORARY EMPLOYEE BENEFITS PROGRAMS

OSG acts as broker and single point of contact to quarterback your entire employee benefits program. We work with specialized providers in the staffing space while providing an additional level of focus on accuracy of billing. We help to seamlessly transition employees on and off your plan to save time, money and reduce errors and stress.

ABOUT ODELL STUDNER

We make it our priority to educate ourselves on our clients' business and gain insight into their strategic goals and operations. As a firm, we are constantly looking to the future. Through strong leadership, clear vision and a multitalented team, we continue to expand our services and identify new ways to increase value to our clients.

EMPLOYEE BENEFITS PARTNER:

We partner with leading organizations to deliver employee benefits. Contact us to discuss your staffing firm's employee benefits options.
